

GIGA X8c Professional

Technical overview

JURA standards

Variable brewing unit, from 5 g to 16 g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.®)	■
Intelligent preheating	■
Active bean monitoring	■
Energy Save Mode (E.S.M.®)	2 levels
High-performance pump, 15 bar	3
Thermoblock heating system	3
Parallel fluid systems	2
Monitored drip tray	■
Maintenance status display	■
Integrated rinsing, cleaning and descaling programme	■
Adjustable water hardness	■
JURA hygiene: TÜV-certified	■
Swiss made	■

Specific benefits

Speed function	■
Customisable product names	■
Latte macchiato at the touch of a button	2
Caffè latte at the touch of a button	2
Cappuccino at the touch of a button	2
Pot of espresso-quality coffee	■
No. of individually programmable specialities	29
Direct water supply connection	■
Drip drain set	■
Separate water tank for descaling	■
Milk or milk foam preparation selectable via electrically controlled air intake	■
JURA fine foam technology	■
Electrically adjustable ceramic disc grinders (5 levels)	2
Power hot water system (3 temperature levels)	approx. 0.5 l/min.
Powder recognition for second, ground coffee	■
Indicator light for bean container	■
A la carte bean selection	■
TÜV certificate for user-friendly user manual	■

Settings and programming options

Programmable amount of water	■
Amount of water can be adjusted for each preparation	■
Programmable coffee strength	5 levels
Coffee strength can be adjusted for each preparation	■
Programmable brewing temperature	3 levels

Programmable amount of milk	■
Programmable hot water temperature	3 levels
Rotary Switch for intuitive navigation	■
Programmable preparation buttons	8
Switch-on and switch-off times can be specified for each day of the week	■
Resettable day counter	■

Design and materials

3 mm black anodised aluminium front panel	■
TFT colour display	■
Venti Ports	■
Height-adjustable dual spout (milk/coffee)	70 – 159 mm
Width-adjustable dual spout	20 – 50 mm
Height-adjustable hot-water spout	69 – 165 mm
Amber cup illumination	■
White cup illumination	■
Sound design	■

Accessories

Cup warmer	optional
Compressor Cooler Pro	optional
Accounting system	optional
Coffee grounds disposal set	optional
Coffee to Go equipment	optional
MDB interface unit	optional

In figures

Coffee grounds container (servings)	approx. 40
Bean containers with aroma preservation cover	2 x 650 g
Cable length	approx. 1.1 m
Voltage	220 – 240 V AC/10 A
Power	2300 W
Permanent water connection	G 3/4"
Drip drain pipe	DN 15
Weight	22 kg
Dimensions (W x H x D)	32 x 56.5 x 49.7 cm
Checks	CE Ⓢ

Speed function thanks to additional hot water bypass

Customisable start screen

2 professional ceramic disc grinders

GIGA Value Protection

PROFESSIONAL

The speedy professional coffee machine with permanent water connection

The high-performance GIGA X8c Professional with its elegant finish comes with a unique speed function, allowing it to prepare perfect coffee in record time. The optimally extracted coffee is mixed with hot water inside the machine by means of an extra bypass. Absolutely no flavour is lost during the process. When coffee is overextracted, the finished product will contain a higher proportion of unpleasant acidic and bitter components. The speed function and time-saving, intuitive operation make the GIGA X8c Professional ideal for use in catering. If you need a coffee machine that works efficiently and continuously throughout the day, we recommend this compact solution with direct permanent water connection.

Technologies

The extra hot water capacity provided by the third thermoblock is essential to the machine's efficiency, enabling it to brew the perfect coffee at record speed. The hot water is added to the freshly brewed coffee through a bypass line and the two are mixed inside the machine. The speed function can be adapted to suit specific requirements. 29 different products, as well as the start screen, can be individually programmed to suit the occasion or customer. For instance, products can be renamed and arranged to the user's liking on the display. Two ceramic disc grinders guarantee quick, precise and even grinding for many years to come and cut previous grinding times by 75%.

Cleaning/Hygiene

As well as being easy to operate and programme, the machine is designed to be very easy to care for. The integrated rinsing, cleaning and descaling programmes reduce the effort involved to a minimum and guarantee TÜVcertified hygiene. The GIGA X8c Professional offers very long maintenance intervals, especially when used in conjunction with a CLARIS filter system.

Customisable

With a wide selection of accessories including a cup warmer, milk cooler, coffee grounds disposal function set and interface for accounting systems, as well as an attractive range of storage and presentation units, it is possible to create a complete coffee solution tailored to your specific requirements.

GIGA Value Protection (for specific markets)

GIGA customers can now enjoy an exclusive, new service concept that is fully in line with JURA's high quality standard. The 'comprehensive service package' guarantees the performance of the professional coffee machines and that they will retain their value, for 25 months or 45 000 preparations. This includes, for example, two inspections after 9 and 18 months.*

*can vary per market

GIGA X8c Professional
